# Yellowstone County

Located in south central Montana, Yellowstone County is Montana's most populous with 113,419 residents, according to the 1990 Census.

Billings, the county seat, is the state's largest city with a population of 81,125 and is a major retail and wholesale trade, financial, energy, transportation and medical center. According to the *Montana Almanac*, by authors Andrea Merrill and Judy Jacobson, the county was established in 1883. The Yellowstone River, the authors say, was called by early French trappers, Roche Jaune for "yellow rock." Pompeys Pillar, an area landmark, was originally called Pompey's Tower by Captain William Clark. The authors add he named it after Sacajawea's son Baptiste, whom he called "Little Pomp." And Billings was named for lawyer, philanthropist and former Northern Pacific Railroad President Frederick Billings.

According to the U.S. Bureau of the Census, median income for Yellowstone County households in 1989 was \$25,942. The county is 2,666 square miles in area; 2,635 square miles in land area and 31 in inland water area.

County residents experience the four distinct seasons. According to the *Montana Almanac*, the average daily low in January between 1980 and 1989 was 13.3 degrees above zero and average January snowfall 9.3 inches. The average daily high in July was 87.0 degrees above. The annual precipitation in 1995 was 16.73 inches and the length of the growing season 131 days.

PLEASE NOTE: Because of time and budget constraints, we are only able to update our county flyers periodically. Individual tables are updated on a more frequent basis. You can call us if you'd like the most current information for a particular county. The **Annual Averages for County Employment By Industry** are updated annually, usually in June. The **Top Employers** are updated annually. **Per Capita Income** statewide is usually released late spring and county data around August each year. **Population data for Montana** is usually released in March and county data may be released at a different time. The **Annual Average Labor Force** information is benchmarked annually and numbers available before March. The other tables contain Census information and will be updated every 10 years. You can also look for more current information on our website listed on the front of this publication.
